

# Winshuttle Advanced TRANSACTION

## Developer and Certification Training by adsotech

A two day training course targeted for people who will become experts in using Winshuttle TRANSACTION and whose responsibility is to assist other users in the organization to utilize the product.

Training is conducted in Frankfurt am Main, Oslo, Copenhagen, Stockholm and Espoo (Finland). Training Schedule available on [www.adsotech.com](http://www.adsotech.com)

The training contains several modules and exercises where the student will learn to make TRANSACTION recordings, resolve problems and help other users. The participant should have participated ADSOTECH's TRANSACTION Basic Training course or possess experience in using Basic TRANSACTION functions.
